SALUTES FRIENDS
AND DROPS DEAD

C. R. Allen, Railroad Man, Dies
of Heart Failure at Ogden Depot.

(Special to The Herald-Republican.)
Ogden, Aug. 27.—C. R. Allen, roadmaster for the Southern Pacific, dropped dead at the east entrance of the union depot here tonight while in the very act of raising his hand in a "good-night" salute to several of his friends with whom he had been talking.

Allen had just stepped from a Southern Pacific train from a trip over the road into Nevada. He had stopped a moment to talk with friends in the depot lobby, and was starting for his home when the seizure took him. He was dead before he could be raised from the ground. The case was pronounced one of heart failure, and the body was removed to the Ritchie undertaking establishment.

BANDIT'S LIFE
IN THE PRISON

Former Convict Tells of "Gunplay" Maxwell's Attempts to Escape.

(Special to The Herald-Republican.)
Ogden, Aug. 27.—The prison side of the life of "Gunplay" Maxwell, the desperado who was killed at Price by Deputy Sheriff Ed Johnson, was related yesterday by a resident of Ogden who was a prisoner in the state penitentiary during 1902, when Maxwell was serving a term of eighteen months for the robbery of the Springfield bank.

When Abe Majors and other desperate "lifers" made the sensational break for liberty from the prison walls, Maxwell came to the assistance of one of the guards who was being frantically beaten by the convicts. Maxwell was struck over the head with a slingshot and thrown into his cell by the desperate men. Here he remained unconscious for some time until after most of the men had been covered with rifles and ordered back into their cells. Maxwell was then pardoned and was released after serving less than five years of his eighteen-year sentence.

During his imprisonment prior to the break made by the desperado men, Maxwell, according to the Ogden man, was constantly planning to escape from the prison. With wonderful ingenuity he constructed a revolver from bits of steel, using ordinary parlor matches in place of gun powder to load the shells of the weapon. Maxwell had a very large knife, which was a dangerous contrivance. It was discovered in his cell, and Maxwell was put in solitary confinement for one year.

TO BUILD NEW FACTORY

(Special to The Herald-Republican.)
Ogden, Aug. 27.—President David Eccles and Secretary H. H. Rolapp of the Amalgamated Sugar company returned from Harlem, Mont., yesterday afternoon. Their visit to Harlem was for the purpose of deciding upon the site for the sugar factory to be built there by the Amalgamated company.

The site decided upon is at a place called Savoy, about ten miles from Harlem, and just across the river from the boundary line of the Crow Indian reservation. Superintendent L. R. Eccles and Field Superintendent J. H. Rolapp have taken up quarters at Savoy and will proceed immediately with the construction of the factory. The foundation of the building will be started within thirty days, and the balance of the factory will be completed in time to handle the beet crop of next year.

SHEEP HERDER SLAYS
THREE LARGE BEARS

(Special to The Herald-Republican.)
Ogden, Aug. 27.—Ed Harper, a sheepherder in the employ of Joseph Perry, brought three large bear skins to the county clerk's office and received the bounty which is paid for these skins. Harper says that the bears in the mountains where his sheep are grazing are numerous and that he has three more hides at the sheep camp which he is going to bring here next week. Many of the sheep have been killed by these animals.

OGDEN YOUTH STARTS
FOR SAN FRANCISCO

(Special to The Herald-Republican.)
Ogden, Aug. 27.—Feeling that Ogden was too small to hold him and with a desire to acquaint himself with new lands, 11-year-old George R. Liddell, residing at 44 Twelfth street, ran away from home yesterday. The last that was heard of him was that he had started to walk to San Francisco. His mother is greatly alarmed about his absence and called upon the police department for help.

WILL ENTERTAIN VISITOR

(Special to The Herald-Republican.)
Ogden, Aug. 27.—Secretary Wilson will be banqueted at the Weber club rooms on Monday at 12 o'clock. It will be an informal affair and there will not be many around the festal board. The secretary will attend to other social function while in the city and he will not appear in a public capacity. It was hoped that he would consent to make a public speech, but he declines to do so, making the statement that he is out on business and will have time for nothing else.

PARTY RETURNS HOME
AFTER A LENGTHY TOUR

(Special to The Herald-Republican.)
Ogden, Aug. 27.—After spending four months in the old world, Judge Rolapp and his family returned home yesterday afternoon. They left Ogden last April, and since that time they have traveled in nearly all of the European countries, including Germany, Italy, Austria, Switzerland, Denmark, Sweden, Holland, France and England. In the company were the judge, Mrs. Rolapp, their daughter Mabel and son Walter. They were joined by their son Frank in Germany, who accompanied them on their tour of Europe. Frank, however, did not return to Ogden, because of the missionary work he is doing.

POLICEMAN IS NEEDED
TO OPEN A CROSSING

(Special to The Herald-Republican.)
Ogden, Aug. 27.—The people in the southwestern part of the city became quite indignant yesterday because of the delay in opening a crossing at the intersection of Twenty-eighth street. The delay was caused by the fact that the officers were called to the aid of the traveling public. It is claimed that the flagmen held trains on the track over Twenty-eighth street all the way from fifteen minutes to three-quarters of an hour, keeping teams there waiting to get through. Policeman Hugh Anderson went to the scene of the trouble and states that he had to threaten the flagman with arrest if he did not comply with the requirements of the law.

(Special to The Herald-Republican.)
Ogden, Aug. 27.—Leonora Murdock, the girl with an insane desire to ride a horse, should be happy for some time to come, as she is now on the way to the state penitentiary. She was sentenced to a term of six months for the robbery of a horse to ride, and she will be given free rein.

PROSPECTORS ON VISIT
TO OLD MINING CAMP

(Special to The Herald-Republican.)
Ogden, Aug. 27.—A. J. Cronan and George Matson of Ogden and John Currie and J. J. Doolittle of Salt Lake have returned from a few days' exploitation of the old mining camp of Aurum, Nev., which is situated about thirty-seven miles off the line of the Nevada Northern railway and about twenty miles from Cherry Creek. Aurum was a thriving camp in the latter '60s and the early '70s, being among the heavier producers of the Silver state.

RAILROAD MEN WILL
ENJOY AN OUTING

(Special to The Herald-Republican.)
Ogden, Aug. 27.—The employees of the local Southern Pacific shops will have their annual outing tomorrow and will go to the Salt Palace in the capital city to enjoy the occasion. Two special trains have been placed at the disposal of the men, and they will leave the Union passenger depot for the south at 9 and 9:15 a. m., respectively.

LOOK OVER WORK.

(Special to The Herald-Republican.)
Ogden, Aug. 27.—General Manager W. H. Bancroft of the Oregon Short Line system came up from Salt Lake this morning in his private car and spent the day in looking over the field for improvements authorized for Ogden. He will leave for the east tonight in company with General Superintendent B. H. Burley, chief General Superintendent of the Oregon Short Line. Their destination is said to be Chicago, where a conference of Harriman officials is arranged for next week.

OGDEN BREVITIES.

(Special to The Herald-Republican.)
Ogden, Aug. 27.—A collision between the Twenty-second and the Twenty-fifth street cars occurred at 3 o'clock this afternoon on Twenty-first street, in front of the European hotel. No damage was done, except to break a fender. The accident occurred while the Twenty-second street car had stopped for the purpose of letting an operator off the car, the car following the Twenty-fifth street car.

The funeral of Fred W. Becker will be held at the Fifth ward mortuary house Saturday at 12 o'clock, and will be presided over by Bishop H. C. Jacobs. The body may be viewed at Larkin's parlors between the hours of 9 and 11:30, the day of the funeral.

It will likely be news to the people of Ogden to advise that the city is a fire-growing locality. The firemen at No. 1 station have under their care an excellent fire tree, from which three crops have been gathered and the fourth one is now coming on and will be ready for the harvest in a short time. The fruit from this little tree is delicious.

Fire Chief Thomas J. Paine has returned from a two weeks' vacation, during which time he attended the thirty-seventh annual convention of the International Association of Fire Engineers at Grand Rapids, Mich.

An unknown Chinaman was held up by two masked men on the Oregon Short Line tracks shortly after last midnight, and after relieving the Mongolian of \$5 and a gold watch, the holdups shot him through the right cheek. The ball passed entirely through the mouth.

TROOPS IN LEHI
GAIN ATTENTION

Fifteenth Infantry Soldiers
and Band Give Citizens
Entertainment.

(Special to The Herald-Republican.)
Lehi, Aug. 27.—The Fifteenth United States infantry, numbering about 800 men, spent two nights and a day camped in the center of Lehi, and at 8 o'clock this morning left on their 29-mile march.

The hundreds of brown tents, with twenty-five machine guns, Springfield rifles stacked about and nearly 1,000 soldiers arrayed in Uncle Sam's uniforms, going through their regular maneuvers, were a novelty to the citizens of Lehi and were witnessed by practically the whole town. During the afternoon the regimental band discoursed music and the city park for two hours and in the evening gave a concert on Senator J. Y. Smith's lawn.

About 6 o'clock one of the battalions marched down town and made a sortie back to camp. The excellent behavior of the regiment gained much admiration for the boys in brown and they will get another welcome when they return.

SCHOOL AFFAIRS
ARE BETTER NOW

(Special to The Herald-Republican.)
Bingham, Aug. 27.—From the report of the president of Box Elder board of education, it will be seen that the schools of Box Elder county are making excellent progress. A fine case of teachers has been employed, and under a broad, systematic plan, are raising the standard of education here.

New school houses are being erected and old ones repaired, and each is kept in a good sanitary condition. The children have been furnished with school supplies and a saving of over \$1,000 has been made in this line alone.

The schools have been provided with a competent primary supervision since consolidation. Each child, by this means, is given a better start, making progress more rapid and general. Children living in outlying districts are conveyed in vans to central points. The president recommends the appointment of a good trustee officer to see that children attend school regularly.

The greatest achievement of all, perhaps, has been the erection of the modern high school building at Bingham City. This building equals any high school building in Utah. It will be possible now for students leaving the eighth grade to make a four-year high school course without going so far away from home, and this year, besides the regular high school course, a course in domestic science and domestic arts will be given. The new building includes a gymnasium and an assembly hall.

MUCH OPPOSITION TO
CONSOLIDATING SCHOOLS

(Special to The Herald-Republican.)
Mt. Pleasant, Aug. 27.—The school trustees and principals of this county will meet in Ephraim tomorrow at 1:30 o'clock to consider school problems and outline the school policy for the coming year. The main question that will be discussed is a county consolidation of schools, to which there is considerable opposition, especially consolidation into one district. However, many of the north and west county believe that the north should be made one district, but the school population in north Sanpete backs 19 to make a necessary population required by law to consolidate. Therefore the opposition to the move is working to have the matter postponed a year or so, until the north will have sufficient population.

LOSSES HIS LEG IN
SAWMILL DISASTER

(Special to The Herald-Republican.)
Brigham, Aug. 27.—Martin Rasmussen had the misfortune to break one of his legs above the ankle yesterday afternoon while at work in a saw mill in the Willard canyon. Mr. Rasmussen's home is a small place in the town of Willard. He was handling some large logs and one of them fell over him, with the result above mentioned. He was hurried to this city, where medical aid was secured.

(Special to The Herald-Republican.)

TWO NEW HIGH SCHOOLS.

Improved Advantages to Be Provided Students of Cache County.

(Special to The Herald-Republican.)
Logan, Aug. 27.—It has been decided by the county board of education to establish second year high schools in Richfield, Smithfield and Hyrum, commencing Sept. 15 of the present year. Last session the first year high school work met with such success it has spurred the board on to continue this work in the county, thus relieving Logan of the work of educating a large percent of the high school classes. The Logan school men make rather kindly to this move, for they feel it will be the means of sending more students, and all better classes, to the city high schools.

(Special to The Herald-Republican.)
Logan, Aug. 27.—The Logan Juvenile band is practicing overtime, commencing last evening, and will continue for several evenings, as the band leader, Professor Henry Otte, has had an invitation to attend the four-state fair at Ogden Sept. 3 and 10. He has accepted. Many fine selections are being rehearsed and the numbers are growing so rapidly that the commodious quarters of the Commercial-Booster club rooms were practically filled last evening.
